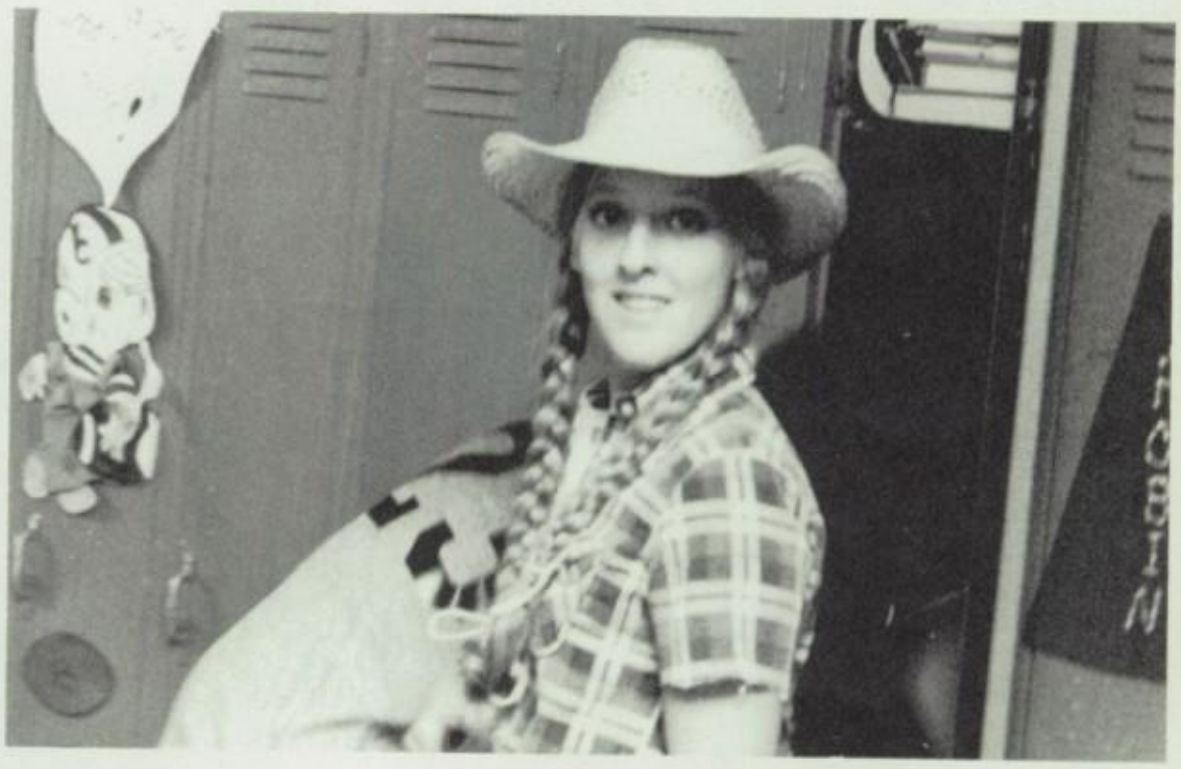
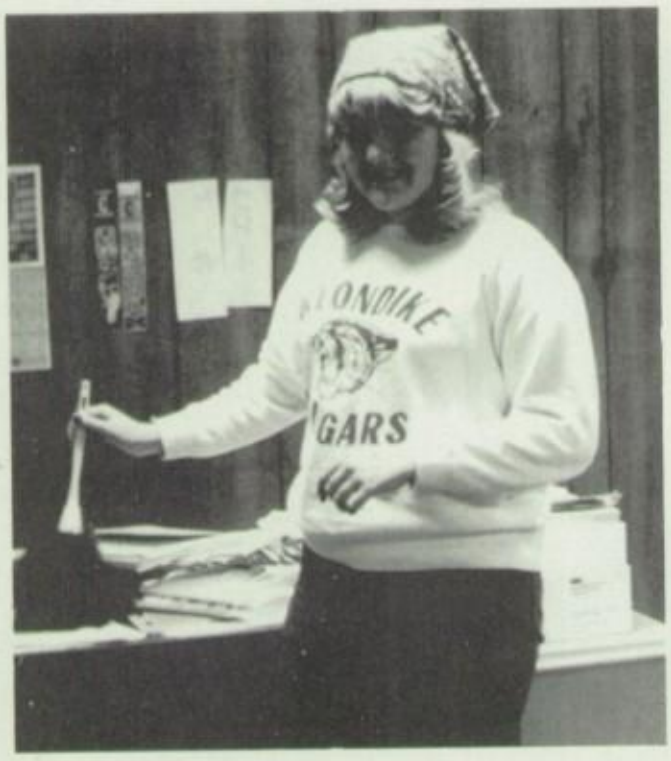
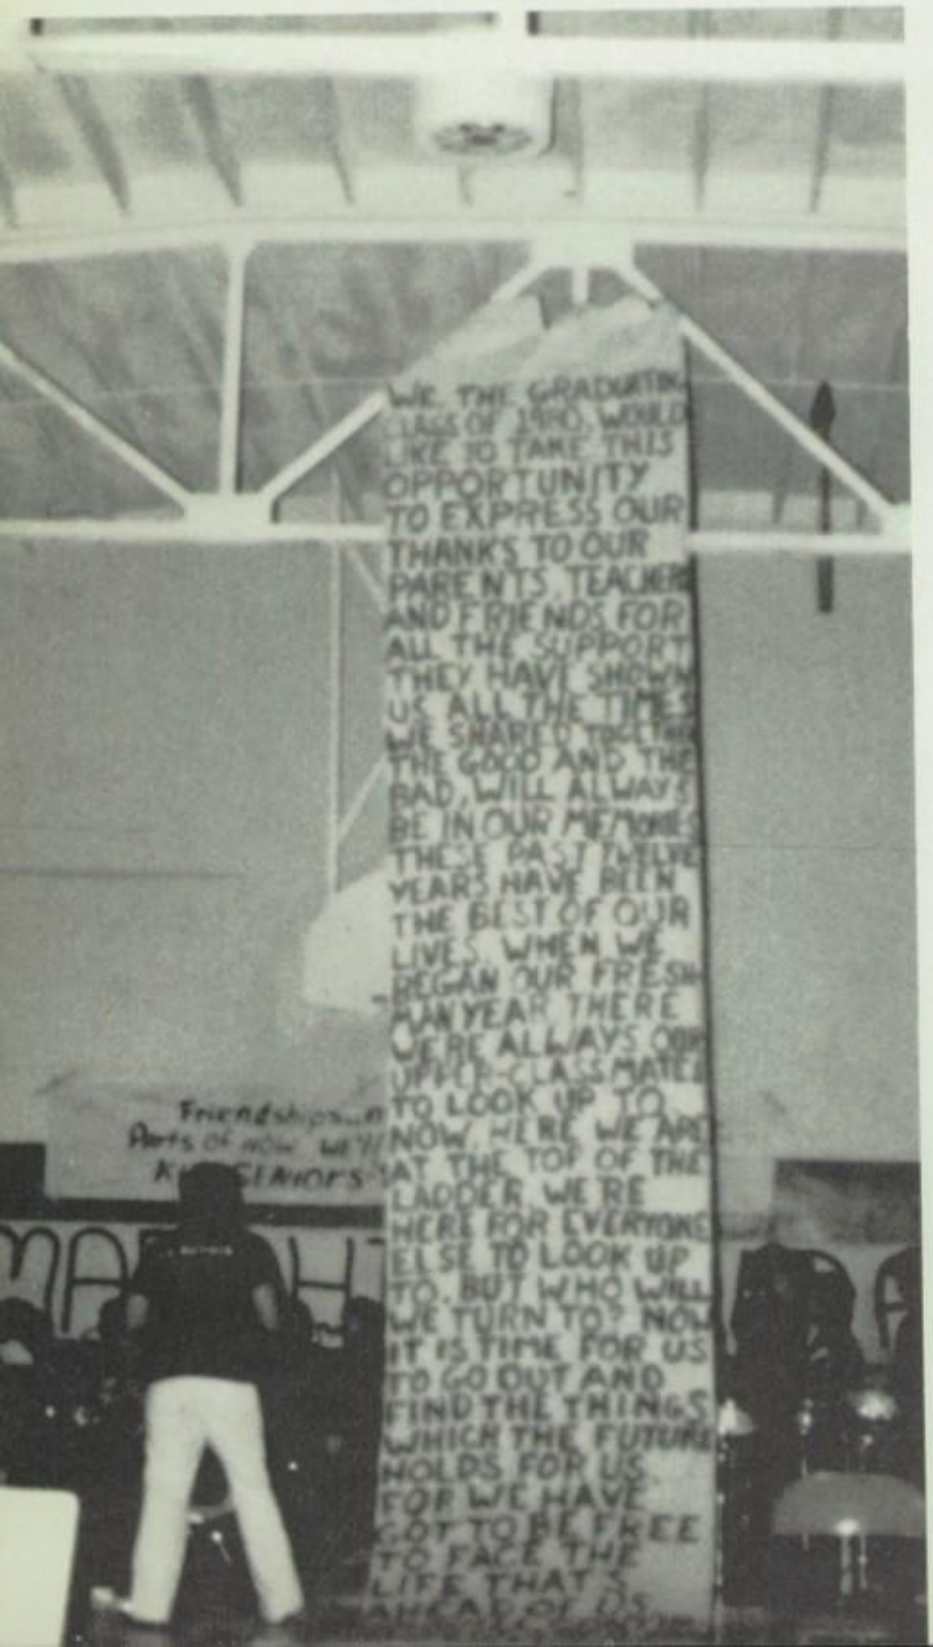
Friendship

Laughter



And Love Ever After





These are the times to enjoy our friends for our days here at Klondike are limited. It seems we learn as much here at Klondike about ourselves as we do our schoolwork. Even after we leave, there will be treasured memories of good times we have spent with our friends.

We the Seniors of 1980 would like to dedicate this edition to our parents. Through all our years in school, our parents have continously shown us patience, support and love. They have stood beside us through all our hardships, and they are the perfect example of everything a parent should be. We would like to thank our parents not only for the support they have given us, but also for the things they have taught us. Our parents taught us to know the difference between right and wrong, and they also taught us to care for the feelings of others. For all this and much more, we would like to say to our parents. "Thank you. We love you very much".

We would like to dedicate this page to Mike Archer. Mike was a good friend who we all admired. He was always ready with a cheerful comment. Always willing to help his friends, it was easy for Mike to make new ones. Besides being our good friend, Mike was a devoted Eagle Scout. Being an outstanding member of the Cougar band was another of Mike's accomplishments. Mike probably never realized how much he brightened our day, but we would like to take this page to show it.

Tish came to us this year as Tjitske Rosendal, an exchange student from Holland. Complete with wooden shoes and the authentic old world brogue, she has become a friend to all of us. She is always ready to share her cheerful smile and her friendly ways. We have enjoyed having Tish in school with us this year. Although we will never forget her, we would like to dedicate this page to Tish.
